Town of Lake City Monthly Report

February 2026

February was a slow month with permits in town, only one for the county but it is a new home being built at Hermit Lakes. Inspections have been busy with several projects in town including the Coffin residence which has framed walls going up. The Climb restaurant is close to getting the roof back on for the new pizza addition, as well work being done on the original section of the restaurant to get it ready for the upcoming season.

We have a few projects waiting for COA's to be processed and will get permits for those projects in the coming weeks. The Brewery has recently been sold, and the new owner is working on getting those storage containers moved. The Wing stop will be heading over to serve food at the Brewery, leaving the current location.

We finally had some snow but I am already getting ready for spring. Cleaning up and sorting summer equipment, it will not be long before we are all celebrating the 4th of July.

If you have any questions, comments, or concerns, please do not hesitate to ask.

Sincerely,

Gabe McNeese.
