RE: Appreciation for Assistance During the Elk Fire Emergency

Dear Town of Estes Park Officials and Staff,

On behalf of the Town of Lake City and the Board of Trustees, we would like to express our sincere gratitude and appreciation to the Town of Estes Park for lending Lake City a portable backup generator as we navigated this time of uncertainty involving evacuations and impending threat of power loss due to the Elk Fire.

Your willingness to make this equipment available on short notice strengthened our emergency response capabilities and helped reassure the public that essential municipal services would continue in the event of a loss of power.

Your assistance exemplifies the spirit of cooperation and mutual aid among Colorado communities. We are deeply grateful for the Town of Estes Park's generosity, responsiveness, and commitment to helping another municipality in a time of need.

Thank you again for your invaluable support and partnership. Please extend our gratitude to everyone who assisted with coordinating, transporting, or otherwise supporting the use of your generator by the Town of Lake City.

Sincerely,

Dave Roberts,
Town of Lake City Mayor
