Town of Lake City Monthly Report

July 2026

July has to be one of the busiest months for the Building Department as well as for the Town of Lake City. A total of 20 new permits for both the town and county, a little bit of everything from new garages, new septic's, new homes and everything in between. We have had fires, flash floods and plenty of heat in the month of July, and the per usual 4th festivities along with the arts and craft fair.

I can honestly say the Elk Fire was a bit stressful followed by an incredible 90-minute rain that put the town emergency response at the forefront. Overall, I feel good about the direction we are heading with communication and teamwork. Town has always come together when times are tough and take the time to help our neighbor's when they need the help. We have a better idea of what we need to fix and the steps to achieve our goals moving forward with both fires and flooding.

August will be another busy month in town with clean up, projects, and the unforeseen. It is never boring around here, and surely keeps you on your toes.

If you have any questions, comments, or concerns, please do not hesitate to ask.

Sincerely,

Gabe McNeese.
