Good afternoon

Last week the Colorado Department of Transportation's Transportation Commission reviewed and approved the request from Hinsdale County and Town of Lake City for the OHV Highway program to continue for ten years.

The OHV Highway Program that allows OHVs to travel on Highway 149 from CR 30 to Ocean Wave Drive from June 1 to September 30 has been approved for ten years, starting in 2026.

This is the official decision of approval from the Commission for the program changes that were approved by a majority of Hinsdale County voters to an advisory ballot question in November, 2025. CDOT was alerted to the proposed changes following the vote.

At the end of each summer, Hinsdale County, Town of Lake City and partners will continue to review the program and provide CDOT with a season-end report.
