

Deputy Clerk Report- July 2026

-July was unusually busy this year with the Elk Fire and flash flooding. The phones have been busier with questions and concerns from locals and tourists. We worked constantly to keep on top of the many public notifications and updates on rapidly changing conditions and new issues as they arose.

-June's community clean-up was a huge success, and we are looking forward to a second opportunity to clean up the community on August 29th and 30th. We have fewer assistance applications for these second dates than for the June clean-up dates.

-The 150 Anniversary celebration and community picnic on August 1st was a success. The dunk tank was exceptionally popular among Lake City kids and grown ups alike. It was great to see the community come together for a fun and relaxed afternoon. Thank you to all who participated, supported, and helped bring this event to life!

- The office continues to be busy with walk in questions, concerns, and needs. Many residents have contacted the Town office regarding the recent flash flood event asking how the Town plans to assist affected residents' homes and property. We will continue to provide updated information about plans moving forward as they evolve.

- Christina and I did not attend the Clerks Institute due to the evacuations and threats from the Elk Fire. This was an unfortunate loss of a great opportunity to learn and advance in both our personal and professional development journeys.
