Town of Lake City Monthly Report

September 2026

September has been a busy month both for town and the county, with several new permits, plenty of inspections, and three stop-work- orders, September has had a little bit of everything. Town has several new home projects still being built and a few homes have finished and have gotten C. O's, and with the nice weather I am still getting calls for fall projects.

Town just wrapped up the fourth full season of Wednesday Market, it is a welcomed town activity for locals and tourists alike. Some vendors come as far as Delta Colorado and have since the beginning. On average we get somewhere between six to eight vendors on a weekly basis.

What an incredibly busy summer we all have had, but here we are in October, with the season change comes winter prep which we all hope is more of a winter than last year. I, along with the Hinsdale County crew, have done snow and ice mitigation over here at the County Courthouse and Administration building for the past 6 years, and with the new Admin building and Sherrif's department location we have some new details to work out. I look forward to the fall season and new projects on the horizon.

If you have any questions, comments, or concerns, please do not hesitate to ask.

Sincerely,

Gabe McNeese.
