Town of Lake City Monthly Report

May 2026

May has been one busy month with permits and inspections. A total of 24 permits, 9 for town and 15 for the county, oh and we moved into our new building, and anybody who has moved knows of the hidden challenges. Drive around town and you will see all of the building projects that are happening, after a slow early spring there is no end in sight. Older projects are finishing up, new projects are under way, I have several projects that will begin sooner than later, yes Summer is upon us.

Memorial Day celebrations went well, a Big Thank You to all of the volunteers who help put this day together, it is always a huge success. Wednesday market will be kicking off June 3rd and will run through the month of September; it seems to be a nice touch to downtown to have the vendors out selling all types of goods.

I have had only one interaction with a person over town clean up, it seems to be going well so far, I have seen plenty of people out stacking and piling old stuff up and cleaning around their yards. This will take some time, but we will get to where we can all be pleased with this project and what it has done for our beautiful town.

If you have any questions, comments, or concerns, please do not hesitate to ask.

Sincerely,

Gabe McNeese.
