INDEPENDENT AUDITOR'S REPORT

Board of Directors
Town of Lake City, Colorado

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Lake City, Colorado as of and for the year ended December 31, 2022 and the related notes to the financial statements, which collectively comprise the Town of Lake City, Colorado's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Lake City, Colorado as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the *Audit of the Financial Statements* section of our report. We are required to be independent of the Town of Lake City, Colorado and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Lake City, Colorado's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Certified Public Accountants & Business Consultants

In performing an audit in accordance with generally accepted auditing standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Lake City, Colorado's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Lake City, Colorado's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, Schedule of the Town's Proportionate Share of the Net Pension Liability – PERA, Schedule of Pension Contributions – PERA, Schedule of the Town's Proportionate Share of the Net Pension Liability – OPEB, Schedule of Pension Contributions – OPEB, and the General Fund Budgetary Information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Lake City, Colorado's basic financial statements. The budgetary comparison schedules for the Conservation Trust Fund, and the Enterprise Fund, and the Local Highway Finance Report, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedules for the Conservation Trust Fund, and the Enterprise Fund, and the Local Highway Finance Report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Management's Discussion and Analysis

DRAFT

Management's Discussion and Analysis

As management of the Town of Lake City (the "Town"), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended December 31, 2022. We encourage readers to consider the information presented here in conjunction with the Town's financial statements.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the Town exceeded its liabilities and deferred inflows of resources at the close of 2022 by \$9,360,938 (*net position*). Of this amount, \$2,360,296 (*unrestricted net position*) may be used to meet the Town's ongoing obligations to citizens and creditors.
- The Town's total net position increased by \$1,522,931.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$1,224,908

OVERVIEW OF THE FINANCIAL STATEMENTS

This management discussion and analysis ("MD&A") is intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Town's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference between these reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *statement of activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flow in future fiscal period (e.g., uncollected taxes and earned but unused vacation and sick leave).

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town include general government, public safety, public works, community development, culture, parks, and recreation. The business-type activities of the Town include sewer and water operations.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. During the year the Town segregates transactions related to certain Town functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. All of the funds

of the Town can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. All governmental funds are accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet and only revenues that are available within 60 days are recorded in the Statement of Revenues, Expenditures and Changes in Fund Balance.

The governmental funds statements provide a detailed short-term view of governmental fund operations and the basic services it provides. These statements help you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The differences between governmental activities reported in the statement of net position and the statement of activities and governmental funds are described in the accompanying reconciliations.

Proprietary funds. The Town maintains one type of proprietary fund, enterprise fund. The Town uses the enterprise fund to account for its water and sewer operations.

The proprietary fund is prepared using the economic resources measurement focus and the accrual basis of accounting. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operating of the Town are included in the statement of net position.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required and other supplementary information concerning the Town's combining financial statements for non-major funds, the budget comparison statements for non-major and enterprise funds.

This foregoing information is a summary of the financial information contained in the Town's financial statements. For more about the information contained in this condensed, comparative financial information, we recommend a close review of the accompanying audited financial statements beginning on page 5.

Discussion of Financial Position and Operating Activities Net position at the end of December 2022 was \$4,007,065 for the governmental activities, \$5,353,873 for the business-type activities and \$9,360,938 for the primary government. This increase is from revenues that exceeded expenses by \$1,522,931 for the primary government. The primary driver of the change was increased taxes and grant revenue.

The restricted portion of net position represents resources that are subject to external restrictions on how they may be used. The unrestricted net position may be used to meet the Town's ongoing obligations to citizens and creditors.

The Town restricted three percent (3%) of its general revenues for emergencies in accordance with TABOR requirements. The Town had a TABOR reserve of \$61,960 at December 31, 2022. The Town's total assets are comprised primarily cash and equivalents, receivables for utility services and tax revenues, and long-term capital assets. The Town's total liabilities are comprised primarily of accounts payable relating to ongoing operations, long-term debt and pension related liabilities.

In 2022, program revenues exceeded program expenses by \$436,215 for the primary government. In addition, net general revenues of \$1,086,716 increased net position. See page 6 of the accompanying Financial Statements for details of these revenues and expenses.

Fund Discussion

Governmental Funds

The General Fund balance decreased from \$1,393,396 in 2021 to \$1,299,550 in 2022. The primary reason for these changes were increased capital outlay. The fund balance includes \$61,960 of restricted amounts. The assets and liabilities are comprised primarily of cash and receivables to be collected in 2023. As of December 31, 2022, the Town's combined fund balance for all governmental funds was \$1,304,692.

General Fund Budgetary Discussion

Actual revenues for 2022 were \$278,259 more than the final budget. Actual expenditures for 2022 were \$26,543 more than the final budget. The general fund budget was not amended in 2022.

Proprietary Fund

The Water and Sewer Fund balance increased by \$134,017. Deferred inflows of resources, and deferred outflows of resources fluctuated due to changes in pension related amounts. The assets and liabilities are comprised primarily of cash; utility accounts receivable and capital assets. Actual revenues for 2022 were \$129,105 less than the final budgeted amount. Actual expenditures for 2022 were \$981,156 less than the final budgeted amount.

Capital Assets and Long-term Obligations

Capital Assets. At the end of 2022 the Town had \$7,884,323 invested in a broad range of capital assets including major infrastructure such as buildings, roads, bridges, storm water drainage, parks and recreation facilities and water lines and distribution systems, net of depreciation. More detailed information on the Town's capital assets is presented in detail in the notes to the financial statements.

Long-term Debt. The only changes to long-term debt were the scheduled payment of principal and draws on the previously issued loans.

ECONOMIC FACTORS AND BUDGET OVERVIEW

Sales tax collections for the Town of Lake City increased from 2021 to 2022. This increase is attributed to newly taxable internet sales and increased visitation due to the COVID pandemic. This trend is expected to continue in 2023. The mill levy for the year is unchanged and property taxes are expected to remain flat.

Contacting the Town

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town of Lake City, P. O. Box 544, Lake City, CO 81235.

Fund Financial Statements

DRAFT

Town of Lake City, Colorado
Balance Sheet
Governmental Funds
December 31, 2022

	Major Fund	Non-Major Fund	
	General	Conservation	
		Trust	Total
Assets			
Cash and cash equivalents - unrestricted	\$ 1,209,202	\$ -	\$ 1,209,202
Investments	30,596	-	30,596
Due from other governments	267,295	-	267,295
Property taxes receivable	64,217	-	64,217
Prepaid expenses	12,682	-	12,682
Other receivables	5,000	-	5,000
Cash and cash equivalents - restricted	-	6,651	6,651
Total Assets	\$ 1,588,992	\$ 6,651	\$ 1,595,643
Liabilities			
Accounts payable	\$ 102,402	\$ -	\$ 102,402
Due to other governments	-	1,509	1,509
Accrued wages	2,836	-	2,836
Other accrued liabilities	14,771	-	14,771
Total Liabilities	120,009	1,509	121,518
Deferred Inflows of Resources			
Deferred property taxes	64,217	-	64,217
Unavailable revenues	105,216	-	105,216
Total Deferred Inflows of Resources	169,433	-	169,433
Fund Balance			
Nonspendable	12,682	-	12,682
Restricted	61,960	5,142	67,102
Unassigned	1,224,908	-	1,224,908
Total Fund Balance	1,299,550	5,142	1,304,692
Total Liabilities, Deferred Inflows of Resources and Fund Balance	\$ 1,588,992	\$ 6,651	\$ 1,595,643

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balances - governmental funds \$ 1,304,692

Accrued compensated absences are not due and payable in the current period and therefore are not reported as liabilities in the fund financial statements (12,982)

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the funds.

Capital assets 3,580,112

Accumulated depreciation (846,928)

Long-term liabilities, deferred inflows of resources and deferred outflows of resources are not due and payable in the current year and, therefore, are not reported in the funds.

Net OPEB liabilities (14,274)

Deferred outflows - OPEB 2,959

Deferred inflows - OPEB (5,948)

Net pension asset 18,257

Deferred outflows - pension 34,197

Deferred inflows - pension (158,236)

Intergovernmental revenues that do not provide current financial resources are included in deferred inflows of resources in the fund financial statements and are considered revenues in the statement of activities. 105,216

Net position of governmental activities **\$ 4,007,065**

Town of Lake City, Colorado
Statement of Revenues, Expenditures and Changes in Fund Balance
Governmental Funds
For the Year Ended December 31, 2022

	Major Fund General	Non-Major Fund Conservation Trust	Total
Revenues			
Property taxes	\$ 64,645	\$ -	\$ 64,645
Specific ownership taxes	5,196	-	5,196
Other taxes and franchise fees	906,919	-	906,919
Intergovernmental	-	4,067	4,067
Grants	970,159	-	970,159
Donations	14,692	-	14,692
Licenses and permits	40,942	-	40,942
Fees for services	35,085	-	35,085
Penalties and fines	10,008	-	10,008

Town of Lake City, Colorado
Notes to Financial Statements
December 31, 2022

Note 1 Summary of Significant Accounting Policies

Financial Reporting Entity

The Town of Lake City, Colorado (the "Town") was incorporated on August 16, 1875 as a statutory town. The Town is governed by a Board of Trustees elected by eligible voters of the Town. The Town provides the following services: Public Safety, Highways and Streets, Culture and Recreation, Planning and Zoning and General Administration Services. In addition, the Town provides Water and Sewer services for its residents through the proprietary fund.

The Governmental Accounting Standards Board (GASB) is the authoritative body and the Town follows all GASB accounting pronouncements, which provides guidance for determining which governmental activities, organization and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency. The Town is not financially accountable for any other organization, nor is the Town a component unit of any other primary governmental entity.

Basis of Presentation

The Town's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of information.

Government-wide Financial Statements

The statement of net position and the statement of activities display information about the Town as a whole. These statements include the financial activities of the primary government.

The statement of net position presents the financial position of the governmental and proprietary fund activities at the end of the year. The statement of activities presents a comparison between program expenses and the program revenue for each program or function of the primary government activities. Program expenses are those that are specifically associated with a service, program or department; and therefore, clearly identifiable to a particular function. Program revenue includes charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenue are presented as general revenue of the Town, with certain limited exceptions. The comparison of program expenses with program revenue identifies the extent to which each function is self-financing or draws from the general revenue of the Town.

Fund Accounting

During the year the Town segregates transactions related to certain Town functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Town at this more detailed level. The focus of governmental fund financial statements is on major funds.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 1 Summary of Significant Accounting Policies (Continued)

The accounts of the Town are organized on the basis of funds each of which is considered a separate accounting entity. In the fund financial statements, the Town reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the Town. It is used to account for all financial activities except those required to be accounted for in another fund.

The Town's remaining governmental fund is; conservation trust fund which is presented as non-major fund.

Enterprise Funds are used to account for operations that are financed in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public be recovered primarily through user charges. The Town reports the following major enterprise fund:

Water and Sewer Fund – The Water and Sewer Fund accounts for the costs related to providing water and sewer services to the Town.

Measurement Focus and Basis of Accounting

Government-wide Financial Statement

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. All assets and liabilities associated with the operation of the Town are included in the statement of net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet and only revenues that are available within 60 days are recorded in the Statement of Revenues, Expenditures and Changes in Fund Balance.

The Statement of Revenues, Expenditures, and Changes in Fund Balance reports on the sources (revenue and other financing sources) and uses (expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Proprietary funds, which include enterprise funds, are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recorded when incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital outlay are recognized as increases in capital assets.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 1 Summary of Significant Accounting Policies (Continued)

Revenue

Revenue resulting from exchange transactions, in which each party gives and receives essentially the same value, is recorded on the accrual basis, when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are both measurable and available to finance expenditures of the fiscal period, which is typically within sixty days of realization.

Non-exchange transactions, in which the Town receives value without directly giving value in return, include sales taxes, grants, entitlements and donations. Revenue from sales tax is recognized in the fiscal year for which the taxes are collected by the vendor. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Program revenues consist of revenues that are associated with the governmental services such as licenses, permits and water sales.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the fund liability is incurred, if measurable. Allocations of costs, such as depreciation and amortization, are not recognized in governmental funds.

Property Taxes

Property taxes attach an enforceable lien on property as of January 1st. Taxes are levied on January 1st and are payable either in one installment on or before April 30th, or in two installments due on or before February 28th and June 15th of each year. The collections and assessments are done by Hinsdale County and are remitted to the Town monthly. Property taxes, which are due to be paid in the next period and representing an enforceable lien at January 1st of the next year, have been recorded as a receivable and a deferred inflow of resources in the year in which they are levied. Property tax revenues are recognized when they are collected by Hinsdale County.

Assets and Liabilities

Cash and cash equivalents- The Town follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based on each fund's average equity balance in total cash. The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with maturities of 90 days or less at the date of their acquisition for the financial statements including the statement of cash flows.

Investments – investments are recorded at fair value, which approximates cost.

Receivables – all receivables are reported at their book value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Substantially all revenues of the enterprise funds originate from charges to the users, and the District has the ability to place liens on the property.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 1 Summary of Significant Accounting Policies (Continued)

Management has reviewed the collectability of accounts receivable and has determined the collectability of accounts. Accordingly, the Town has determined that no allowance for doubtful accounts is required as the town has the right to put a lien on the property.

Capital assets - are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capitalized assets are defined by the Town as assets that have a useful life of more than one year and exceed \$5,000:

	Governmental Activities Estimated Lives	Business-type Activities Estimated Lives
Land and water rights	N/A	N/A
Buildings	20-50 years	N/A
Improvements other than buildings	10-50 years	10-50 years
Equipment	5-10 years	5-10 years
Utility systems	N/A	25-50 years
Infrastructure	35 years	N/A

Capital assets are recorded at cost except for those assets which have been contributed, which are stated at estimated fair market value at the date of contribution or at developer's cost. Depreciation is computed using the straight-line method over the asset's estimated economic useful life. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Public domain assets consisting of roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems are examples of infrastructure assets. Infrastructure assets are distinguished from other capitalized assets since their useful life often extends beyond most other capital assets and are stationary in nature. General infrastructure assets are those associated with or arising from governmental activities.

Impairment of Capital Assets

GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, ("GASB No 42"), establishes accounting and financial reporting standards for impairment of capital assets. A capital asset is considered impaired when its service utility has declined significantly and unexpectedly. The Town is required to evaluate prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. Management of the Town has determined that there are no indications of impairment of capital assets as of December 31, 2022.

Long-Term Obligations

In the government-wide financial statements and enterprise fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities or enterprise fund type statement of net position. Bond issuance costs are expensed during the current period. Bond premiums and discounts are amortized over the term of the related debt.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 1 Summary of Significant Accounting Policies (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances and discounts are reported as other financing sources. The issuance costs related to the debt is reported as an expenditure in the current period.

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the governmental funds.

Compensated absences – The Town reports compensated absences in accordance with the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*. Personal leave benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services rendered and it is probable that the Town will compensate the employees for the benefits earned. Upon termination of employment from the Town, an employee will be compensated for all accrued vacation, holiday and compensatory time at their current rate of pay, sick leave is paid out at 25% upon termination. Amounts of vested or accumulated vacation and holiday pay that are not expected to be liquidated with expendable available financial resources are reported on the government-wide financial statements.

Deferred outflows of resources- In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. A deferred outflow of resources is a consumption of net position by the Town that is applicable to a future reporting period. The Town has two items that qualify as a deferred outflow of resources. A deferred outflow of resources related to GASB Statement No. 68 and 75 has been recorded as of December 31, 2022 which consists of four components: 1) contributions subsequent to the measurement date 2) change in proportionate share; 3) change in experience; and 4) change in assumptions.

Deferred inflow of resources- In addition to liabilities, the statement of net position will sometimes report separate sections for deferred inflows of resources. A deferred inflow of resources is an acquisition of net position by the Town that is applicable to a future reporting period. The Town has three items that qualify for reporting as deferred inflows of resources. Property tax revenue is considered a deferred inflow of resources in the year the taxes are levied and measurable, and are recognized as an inflow of resources in the period they are collected. A deferred inflow related to GASB Statement No. 68 and 75 has been recorded as of December 31, 2022 which consists of four components: 1) change in experience, 2) change in proportionate share, and 3) change in assumptions 4) change in investment earnings.

Net Position

Equity is classified as net position and displayed in three components:

Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 1 Summary of Significant Accounting Policies (Continued)

Restricted net position – consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The Town utilizes restricted net position before utilizing unrestricted net position when an expense is incurred for both purposes

Unrestricted net position – all other net position that do not meet the definition of “restricted” or “net investment in capital assets.” The net position is available for future operations or distributions.

Fund Balance

Nonspendable- consists of amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The nonspendable fund balance was \$12,682 as of December 31, 2022.

Restricted - General Fund - Article X, Section 20 of the Constitution of the State of Colorado (TABOR) requires the Town to establish Emergency reserves (see Note 4). A reservation of \$61,960 of the General Fund balance has been made in compliance with this requirement. Additionally, the Town has \$5,142 restricted for parks and other items related to the conservation trust fund to be used for parks and open space.

Committed- Committed fund balance includes those items which can be used for specific purposes pursuant to constraints imposed by formal action of the Board of Trustees. Those committed amounts cannot be used for any other purpose unless the Board of Trustees formally removes or changes the specified uses. The Town had a committed fund balance of \$0 as of December 31, 2022.

Assigned – Includes all amounts that are constrained by the Town’s intent to be used for a specific purpose but are neither committed nor restricted. The assignment of these balances must occur through a formal action of the Board of Trustees. As of December 31, 2022, the assigned fund balance was \$0.

Unassigned- consists of the residual classification for each fund. This represents amounts that have not been assigned to other funds and that has not been restricted, committed, or assigned for specific purposes.

The Town has not adopted fund balance policies; therefore, the Town follows the guidance in accordance with GASB 54 and apply resources in the following order: restricted, committed, assigned and unassigned. The Road and Bridge fund had a deficit fund balance at year end.

Interfund Transactions

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. At year-end outstanding balances are reported as due to / due from other funds. All interfund transfers are reported as transfers. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as internal balances. The effect of interfund activity has been eliminated from the government-wide financial statements except for charges between the enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. The interfund lending is for the purposes of funding operations. The Town had no transfers for the purposes of operations for the year ending December 31, 2022.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 1 Summary of Significant Accounting Policies (Continued)

Budgets and Budgetary Accounting

Budgets are adopted on a cash basis except for accrual of current vendor invoices and utility billings. Annual appropriated budgets are adopted for the fund. All annual appropriations lapse at fiscal year-end.

The Town adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

- Budgets are required by state law for all funds. The budget includes proposed expenditures and the means of financing them. All budgets lapse at year-end.
- Prior to December 31, the budget is adopted by formal resolution.
- Budgets are required to be filed with the State of Colorado within thirty days after the beginning of the fiscal year.
- Expenditures may not legally exceed appropriations at the fund level.
- The Town Board must approve revisions that alter the total expenditures of any fund.
- Budgeted amounts reported in the accompanying financial statements are as originally adopted by the Town Board or revised by the Town Board.

The enterprise fund had expenditures in excess of budgeted amounts which may be a violation of state budget law.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 Cash and Investments

Cash Deposits

The Town maintains a cash pool that is available for use by all funds. Each fund's portion of the pool is displayed on the combined balance sheet as "Cash and Cash equivalents". As of December 31, 2022, the Town's cash deposits had a carrying balance of \$86,591 with corresponding bank balance of \$204,232 all of which is federally insured.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is specified under the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the uninsured deposits. The Town had \$0 collateralized under PDPA.

The Colorado Divisions of Banking and Financial Services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)

Note 2 Cash and Investments (Continued)

A summary of cash and cash equivalents at December 31, 2022 is as follows:

Cash deposits	\$ 86,591
Money market accounts	2,339,256
Colotrust	211,315
Cash on hand	2,605
Total cash and cash equivalents	<u>\$ 2,639,767</u>
Unrestricted cash and cash equivalents	\$ 2,526,875
Restricted cash and cash equivalents	112,892
Total cash and cash equivalents	<u>\$ 2,639,767</u>

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk. As of December 31, 2022, none of the Town's bank deposits were exposed to custodial credit risk.

Investments

Colorado statutes specify in which investment instruments the units of local government may invest:

- Obligations of the United States and certain United States government agency securities.
- Certain international agency securities.
- General obligation and revenue bonds of United States local government entities.
- Bankers' acceptances of certain banks.
- Commercial paper.
- Local government investment pools.
- Written repurchase agreements collateralized by certain authorized securities.
- Certain money market funds.
- Guaranteed investment contracts.

At December 31, 2022, the Town had \$211,315 invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust offers shares in three portfolios, COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+ - The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under section 24-75-601, C.R.S., as amended.

COLOTRUST EDGE - The Trust operates similarly to a money market fund and each share is equal in value to \$10.00. The portfolio may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 2 Cash and Investments (Continued)

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's and is measured at net asset value (NAV). There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

The Town's investment policy is to hold investments until maturity and mirrors State statute.

At December 31, 2022 the Town had \$30,596 invested in a certificate of deposit with Community Banks of Colorado. The Certificate of Deposit has an initial maturity of twelve months and renews annually. The interest rate on the certificate at December 31, 2022 was .15%. The certificate of deposit was not rated. The certificate is presented using amortized cost.

The money market account was not rated as of December 31, 2022.

The Town has restricted cash in the amount of \$106,241 relating to the operating and maintenance reserve as required by the loans with the Colorado Water and Power Authority and \$6,651 as required by the conservation trust program through the State of Colorado.

Note 3 Receivables

Management has evaluated the collectability of accounts receivable and have determined that all receivables are fully collectible as of December 31, 2022. In addition, the Town has the right to place a lien on the property of delinquent receivables. Accounts receivable consisted of the following at December 31, 2022.

Receivables	Governmental Activities	Business - type Activities	Total
Trade accounts receivable	-	107,284	107,284
Less: Allowance for doubtful accounts	-	-	-
Total	\$ -	\$ 107,284	\$ 107,284

December 31, 2022

Note 5 Long-Term Debt

The following is an analysis of changes in long-term debt for the year ended December 31, 2022 for the business-type activities:

	Balance 12/31/2021	Additions	Reductions	Balance 12/31/2022	Amounts Due Within One Year
2015 CWRPDA Note payable	\$ 391,666	\$ -	\$ 16,667	\$ 374,999	\$ 16,667
2019 CWRPDA Note payable	703,927	-	21,902	682,025	22,121
Total Long-term Debt	<u>\$ 1,095,593</u>	<u>\$ -</u>	<u>\$ 38,569</u>	<u>\$ 1,057,024</u>	<u>\$ 38,788</u>

2015 CWRPDA Note Payable

In July 2015, the Town entered into a loan agreement with the Colorado Water Resource and Power Development Authority (CWRPDA) in the amount of \$500,000 to be used towards water system improvements. The loan is federally subsidized and bears no interest. Principal payments of \$8,333 are due semiannually beginning in November 2015 for a period of 30 years.

The note contains restrictive covenants related to rates, a pledge of water and sewer revenues and the requirement establishing a three-month operations and maintenance reserve. The Town has established a reserve of \$106,241 and has restricted net position in the Water and Sewer Fund, accordingly.

2020 CWRPDA Note Payable

In March 2020, the Town entered into a loan agreement with the Colorado Water Resource and Power Development Authority (CWRPDA) in the amount of \$900,000 to be used towards sewer collection system improvements. The loan bears interest at 1%. Normal principal and interest payments of \$17,610 are due semiannually beginning in November 2021 through November 2049. The Town had \$304,306 available to be drawn as of December 31, 2021. Per the terms of the note, the full amount of the loan was recorded as a payable upon signing, therefore the Town has recorded the total amount of the note as a payable and the undrawn proceeds as a receivable. Effective July 2021, the Town determined that \$157,106 of the loan was no longer required and was returned to CWRPDA. CWRPDA issued an updated loan amortization schedule for the revised amount of \$742,894. The new amortization still requires semi-annual loan payments through November 2049 with the first loan payment being \$14,436 in November 2021 and the remaining payments being \$14,443.

Similar to the 2015 agreement, the note contains restrictive covenants related to rates, a pledge of water and sewer revenues and the requirement establishing a three-month operations and maintenance reserve. The Town was in compliance with all loan covenants at December 31, 2022.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)

Note 5 Long-Term Debt (Continued)

The following principal and interest payments are required:

Year ending December 31,	Principal	Interest	Total
2023	\$ 38,788	\$ 6,765	\$ 45,553
2024	39,010	6,543	45,553
2025	39,234	6,319	45,553
2026	39,460	6,093	45,553
2027	39,689	5,864	45,553
2028-2032	201,952	25,813	227,765
2033-2037	208,018	19,747	227,765
2038-2042	214,394	13,371	227,765
2043-2047	179,420	6,670	186,090
2048-2049	57,059	713	57,772
Total	<u>\$ 1,057,024</u>	<u>\$ 97,898</u>	<u>\$ 1,154,922</u>

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits

Summary of Significant Accounting Policies

Pensions. The Town participates in the Local Government Division Trust Fund (LGDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado (PERA). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the LGDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. Eligible employees of the Town are provided with pensions through the LGDTF-a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

Benefits provided as of December 31, 2021. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714. The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100% of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Upon meeting certain criteria, benefit recipients who elect to receive a lifetime retirement benefit generally receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S. Subject to the automatic adjustment provision (AAP) under C.R.S. § 24-51-413, eligible benefit recipients under the PERA benefit structure who began membership before January 1, 2007, and all eligible benefit recipients of the DPS benefit structure will receive the maximum annual increase (AI) or AI cap of 1.00% unless adjusted by the AAP. Eligible benefit recipients under the PERA benefit structure who began membership on or after January 1, 2007, will receive the lesser of an annual increase of the 1.00% AI cap or the average increase of the Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed a determined increase that would exhaust 10% of PERA's Annual Increase Reserve (AIR) for the LGDTF. The AAP may raise or lower the aforementioned AI cap by up to 0.25% based on the parameters specified in C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. For State Troopers whose disability is caused by an on- the-job injury, the five-year service requirement is waived and they are immediately eligible to apply for disability benefits. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions provisions as of December 31, 2022 Eligible employees of, The Town and the State are required to contribute to the LGDTF at a rate set by Colorado statute. The contribution requirements for the LGDTF are established under C.R.S. § 24-51-401, *et seq.* and § 24-51-413. Employee contribution rates for the period of April 1, 2021 through December 31, 2022 are summarized in the table below:

	January 1, 2021 Through June 30, 2021	July 1, 2021 Through December 31, 2021	January 1, 2022 Through June 30, 2022	July 1, 2022 Through December 31, 2022
Employee contribution (all employees other than State Troopers)	8.50%	8.50%	8.50%	9.00%

The employer contribution requirements for all employees other than State Troopers are summarized in the table below:

	January 1, 2021 Through June 30, 2021	July 1, 2021 Through December 31, 2021	January 1, 2022 Through June 30, 2022	July 1, 2022 Through December 31, 2022
Employer contribution rate	10.50%	10.50%	10.50%	11.00%
Amount of employer contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	(1.02%)	(1.02%)	(1.02%)	(1.02%)
Amount apportioned to the LGDTF	9.48%	9.48%	9.48%	9.98%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	2.20%	2.20%	2.20%	2.20%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	1.50%	1.50%	1.50%	1.50%
Defined Contribution Supplement as specified in C.R.S. § 24-51-415	0.02%	0.02%	0.03%	0.03%
Total employer contribution rate to the LGDTF	13.20%	13.20%	13.21%	13.71%

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

Contribution rates for the LGDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Employer contributions are recognized by the LGDTF in the period in which the compensation becomes payable to the member and The Town is statutorily committed to pay the contributions to the LGDTF. Employer contributions recognized by the LGDTF from the Town were \$49,955 for the year ended December 31, 2022.

Pension Liabilities (Asset), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the Town reported an asset of \$(39,018) for its proportionate share of the net pension liability (asset). The net pension liability for the LGDTF was measured as of December 31, 2021, and the total pension liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020. Standard update procedures were used to roll-forward the TPL to December 31, 2021. The Town proportion of the net pension liability was based on the Town contributions to the LGDTF for the calendar year 2021 relative to the total contributions of participating employers.

At December 31 2021, the Town's proportion was .0455092601%, which was an increase of .001497698% from its proportion measured as of December 31, 2020. For the year ended December 31, 2022, The Town recognized pension income of \$64,624. At December 31, 2022 The Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$1,907	\$652
Changes of assumptions or other inputs	13,226	0
Net difference between projected and actual earnings on pension plan investments	0	337,515
Changes in proportion and differences between contributions recognized and proportionate share of contributions	7,994	0
Contributions subsequent to the measurement date	49,955	N/A
Total	\$73,082	\$338,167

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

\$49,955 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31	
2023	\$(66,122)
2024	(126,526)
2025	(81,435)
2026	(40,957)
2027	0
Thereafter	\$0

Actuarial assumptions. The TPL in the December 31, 2020, actuarial valuation was determined using the following actuarial cost method, actuarial assumptions, and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation:	
Members other than State Troopers	3.20%-11.30%
State Troopers	3.20%-12.40%
Long-term investment rate of return, net of pension plan investment expenses, including price inflation Discount rate	7.25%
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (compounded annually)	1.00%
PERA benefit structure hired after 12/31/06 ¹	Financed by the AIR

¹ Post-retirement benefit increases are provided by the AIR, accounted separately within each Division Trust Fund, and subject to moneys being available; therefore, liabilities related to increases for members of these benefit tiers can never exceed available assets.

The TPL as of December 31, 2021, includes the anticipated adjustments to contribution rates and the AI cap, resulting from the 2020 AAP assessment, statutorily recognized July 1, 2021, and effective July 1, 2022.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

The mortality tables described below are generational mortality tables developed on a benefit-weighted basis.

Pre-retirement mortality assumptions for members other than State Troopers were based upon the PubG- 2010 Employee Table with generational projection using scale MP-2019.

Pre-retirement mortality assumptions for State Troopers were based upon the PubS-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for members other than State Troopers were based upon the PubG-2010 Healthy Retiree Table, adjusted as follows:

- **Males:** 94% of the rates prior to age 80 and 90% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- **Females:** 87% of the rates prior to age 80 and 107% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Healthy Retiree Table, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- **Males:** 97% of the rates for all ages, with generational projection using scale MP-2019.
- **Females:** 105% of the rates for all ages, with generational projection using scale MP-2019.

Disabled mortality assumptions for members other than State Troopers were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

Disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Disabled Retiree Table with generational projection using scale MP-2019.

The actuarial assumptions used in the December 31, 2020, valuation were based on the results of the 2020 experience analysis for the period January 1, 2016, through December 31, 2019, and were reviewed and adopted by the PERA Board at their November 20, 2020, meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four to five years for PERA. Recently this assumption has been reviewed more frequently. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, to be effective January 1, 2020. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation, and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives	6.00%	4.70%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

Discount rate. The discount rate used to measure the TPL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the required adjustments resulting from the 2018 AAP assessment, and the additional 0.50% resulting from the 2020 AAP assessment, statutorily recognized July 1, 2021, and effective July 1, 2022. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the required adjustments resulting from the 2018 AAP assessment, and the additional 0.50% resulting from the 2020 AAP assessment, statutorily recognized July 1, 2021, and effective July 1, 2022. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial FNP, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the FNP and the subsequent AIR benefit payments were estimated and included in the projections.
- The projected benefit payments reflect the lowered AI cap, from 1.25% to 1.00%, resulting from the 2020 AAP assessment, statutorily recognized July 1, 2021, and effective July 1, 2022.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the LGDTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the The Town proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25%) or one percentage point higher (8.25%) than the current rate:

Summary of Significant Accounting Policies

OPEB. The Town participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the OPEB Plan

Plan description. Eligible employees of The Town are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended, and sets forth a framework that grants Town to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

C.R.S. § 24-51-1202 *et seq.* specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

Enrollment in the PERACare health benefits program is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a

5% reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

Contributions. Pursuant to Title 24, Article 51, Section 208(1) (f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02% of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and The Town is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from The Town were \$3,331 for the year ended December 31, 2022.

Town of Lake City, Colorado

December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)
OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At December 31, 2022, The Town reported a liability of \$30,506 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2021, and the total OPEB liability (TOL) used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2020. Standard update procedures were used to roll-forward the TOL to December 31, 2021. The Town proportion of the net OPEB liability was based on The Town contributions to the HCTF for the calendar year 2021 relative to the total contributions of participating employers to the HCTF.

At December 31, 2021, The Town's proportion was .0035377375%, which was an increase of .0001783839% from its proportion measured as of December 31, 2020.

For the year ended December 31, 2022, The Town recognized OPEB income of \$1,400. At December 31, 2022, The Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$46	\$7,233
Changes of assumptions or other inputs	632	1,655
Net difference between projected and actual earnings on OPEB plan investments	0	1,888
Changes in proportion and differences between contributions recognized and proportionate share of contributions	2,315	1,936
Contributions subsequent to the measurement date	3,331	N/A
Total	\$6,324	\$12,712

\$3,331 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended December 31, 2022:	
2023	(\$2,682)
2024	(2,245)
2025	(2,665)
2026	(1,998)
2027	(523)
Thereafter	\$394

DRAFT

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

Actuarial assumptions. The TOL in the December 31, 2020 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

	Local Government Division	
Actuarial cost method	Entry age	
Price inflation	2.30%	
Real wage growth	0.70%	
Wage inflation	3.00%	
Salary increases, including wage inflation		
Members other than State Troopers		3.20%- 11.30%
State Troopers		3.20%- 12.40%
Long-term investment rate of return, net of OPEB plan	7.25%	
Investment expenses, including price inflation		
Discount rate	7.25%	
Health care cost trend rates		
PERA benefit structure:		
Service-based premium subsidy	0.00%	
PERACare Medicare plans	4.50% in 2021, 6.00% in 2022 gradually decreasing to 4.50% in 2029	
Medicare Part A premiums	3.75% in 2021, gradually increasing to 4.50% in 2029	

Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each actuarial valuation and on the pattern of sharing of costs between employers of each fund to that point.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

In determining the additional liability for PERACare enrollees who are age 65 or older and who are not eligible for premium-free Medicare Part A in the December 31, 2020, valuation, the following monthly costs/premiums (actual dollars) are assumed for 2021 for the PERA Benefit Structure:

	Initial Costs for Members without Medicare Part A		
	Monthly Cost	Monthly Premium	Monthly Cost Adjusted to Age 65
Medicare Plan			
Medicare Advantage/Self-Insured Rx	\$633	\$230	\$591
Kaiser Permanente Medicare Advantage HMO	596	199	562

The 2021 Medicare Part A premium is \$471 (actual dollars) per month. All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates.

Effective December 31, 2020, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates used to measure the TOL are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2021	4.50%	3.75%
2022	6.00%	3.75%
2023	5.80%	4.00%
2024	5.60%	4.00%
2025	5.40%	4.00%
2026	5.10%	4.25%
2027	4.90%	4.25%
2028	4.70%	4.25%
2029+	4.50%	4.50%

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

Mortality assumptions used in the December 31, 2020, valuation for the determination of the total pension liability for each of the Division Trust Funds as shown below, reflect generational mortality and were applied, as applicable, in the determination of the TOL for the HCTF, but developed using a headcount-weighted basis. Affiliated employers of the State, School, Local Government and Judicial Divisions participate in the HCTF.

Pre-retirement mortality assumptions for the State and Local Government Divisions (members other than State Troopers) were based upon the PubG-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the State and Local Government Divisions (members other than State Troopers) were based upon the PubG-2010 Healthy Retiree Table, adjusted as follows:

- **Males:** 94% of the rates prior to age 80 and 90% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- **Females:** 87% of the rates prior to age 80 and 107% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Healthy Retiree Table, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- **Males:** 97% of the rates for all ages, with generational projection using scale MP-2019.
- **Females:** 105% of the rates for all ages, with generational projection using scale MP-2019.

The following health care costs assumptions were updated and used in the roll-forward calculation for the Trust Fund:

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2021 plan year.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

Actuarial assumptions pertaining to per capita health care costs and their related trend rates are analyzed and updated annually by PERA Board's actuary, as discussed above.

The actuarial assumptions used in the December 31, 2020, valuation were based on the results of the 2020 experience analysis for the period January 1, 2016, through December 31, 2019, and were reviewed and adopted by the PERA Board at their November 20, 2020, meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four to five years for PERA. Recently this assumption has been reviewed more frequently. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Geometric Real Rate of	Expected
Global Equity	54.00 %	5.60%	
Fixed Income	23.00 %	1.30%	
Private Equity	8.50 %	7.10%	
Real Estate	8.50 %	4.40%	
Alternatives	6.00 %	4.70%	
Total	100.00 %		

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

Sensitivity of The Town's proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 6 Defined Benefit Pension Plan and Other Post Employment Benefits (Continued)

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
Initial PERACare Medicare trend rate	3.50%	4.50%	5.50%
Ultimate PERACare Medicare trend rate	3.50%	4.50%	5.50%
Initial Medicare Part A trend rate	2.75%	3.75%	4.75%
Ultimate Medicare Part A trend rate	3.50%	4.50%	5.50%
Net OPEB Liability	\$29,630	\$30,506	\$31,521

Discount rate. The discount rate used to measure the TOL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2021, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Estimated transfers of dollars into the HCTF representing a portion of purchase service agreements intended to cover the costs associated with OPEB benefits.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the HCTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the TOL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of The Town's proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.25%) or one-percentage-point higher (8.25%) than the current rate:

OPEB plan fiduciary net position. Detailed information about the HCTF's FNP is available in PERA's ACFR which can be obtained at www.copera.org/investments/pera-financial-reports.

Note 7 Risk Management

Risk Management Insurance Pool

The Town is self-insured for property and liability insurance. In order to mitigate risk, the Town is a member of the Colorado Intergovernmental Risk Sharing Agency ("CIRSA") and Colorado Intergovernmental Risk Sharing Agency Worker's Compensation ("CIRSA/WC"). CIRSA and CIRSA/WC have a legal obligation for claims against their members to the extent that funds are available in their annually established loss fund and amounts are available from insurance providers under excess specific and aggregate insurance contracts. Losses incurred in excess of loss funds and amounts recoverable from excess insurance are direct liabilities of the participating members. CIRSA and CIRSA/WC have indicated that the amount of any excess losses would be billed to members in proportion to their contributions in the years such excess occurs, although they are not legally required to do so. Additionally, the Town may receive credit on future contributions in the event of a surplus.

CIRSA has entered into various excess insurance contracts to limit large losses and minimize exposure on large risks. Excess of loss contracts in effect during 2021 limit CIRSA's per occurrence exposure to 100% of \$5,000,000 in excess of \$1,000,000 per claim for property coverage, and 100% of \$500,500,000 in excess of \$500,000 per claim for excess property coverage and provide coverage to specified upper limits. The excess of loss contract for workers' compensation coverage limits CIRSA's per occurrence exposure to \$500,000 for 2022 and provides coverage to statutory limits for the State of Colorado. The ultimate liability to the Town resulting from claims not covered by CIRSA and CIRSA/WC is not presently determinable. Management is of the opinion that the final outcome of such claims, if any, will not have a material adverse effect on the Town's financial statements.

Note 8 Tax, Spending, and Debt Limitation

Article X, Section 20 of the Colorado Constitution, The Taxpayer's Bill of Rights (TABOR), contains several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. TABOR is complex and subject to judicial interpretation. The Town believes it is in compliance with the requirements of TABOR.

Spending and revenue limits are determined based on the prior year's fiscal year spending adjusted for allowable increases based upon inflation and local growth. Fiscal year spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the fiscal year spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish emergency reserves, which must be at least 3% of fiscal year spending, excluding bonded debt service. Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls or salary or benefit increases. This Town had an emergency reserve of \$61,960 as of December 31, 2022.

Town of Lake City, Colorado
Notes to Financial Statements (Continued)
December 31, 2022

Note 8 Tax, Spending, and Debt Limitation (Continued)

In November 1994, the voters within the Town approved the collection, retention and expenditure of the full revenues generated by the existing 4% sales and use tax. The voters of the Town of Lake City, Colorado passed a second ballot issue in 1999 authorizing the Town to collect and expend the full revenues generated during 1998 and each subsequent year, from its existing tax rates, to receive and expend state grants and funds from other sources and to receive and expend all sales and property tax revenues without limitations or condition and without limiting the collection or spending of any other revenues or funds under Article X, Section 20 of the Colorado Constitution or any other law.

Note 9 Subsequent Events

On June 23, 2023 the Town executed a Loan Agreement for \$3,616,500 for improving wastewater treatment facility, including capacity expansion and various upgrades and treatment process improvements through the Colorado Water Resources & Power Development Authority. The loan includes up to \$1,500,000 of up-front principal forgiveness for 20 years at an interest rate of 2.00%.

On June 23, 2023 the Town executed a Loan Agreement for \$300,000 for the design and engineering associated with the project that consists of wastewater treatment facility improvements and expansion through the Colorado Water Resources & Power Development Authority. The loan is subject to 100% principal forgiveness.

WILLIFORD, LLC

land use & affordable housing

Proposal

To: Alexander Mulhall, Town Manager, Lake City, Colorado
From: Willa Williford, Principal, Williford LLC
Date: 7/14/23
Re: Proposal for Professional Services – RFP for Workforce Housing Development Partner

This proposal is to provide consulting services to Lake City to procure a development partner for affordable rental housing on land in Lake City currently owned by the Town. Goals for site include provision of housing for local employees, as well as serving the broader Lake City and Hinsdale County community with affordable housing opportunities for local residents.

Scope of Services

Williford LLC will complete the following tasks:

- 1) Draft a Request for proposals (RFP) that outlines the desired goals for the site, submission requirements, selection criteria, and next steps, based on direction from Lake City staff;
- 2) Assist Lake City staff in soliciting RFP responses from qualified development teams, including sharing the RFP with prospective partners and supporting correspondence with partners and answering questions prior to the RFP deadline; and
- 3) Support a selection committee to include Lake City staff, elected officials, and Hinsdale County staff in the evaluation of responses, including analysis of RFP submissions, financial feasibility, reference checks, and summarizing risks and opportunities. Williford LLC personnel will participate in the selection committee discussions, but will not be a voting member.
- 4) Support Lake City in creating a short list, interviewing prospective partners, and creating a recommendation to Town Trustees.

Timeline

This scope of work is proposed to begin in July 2023. Prospective development partners would be given six weeks to respond, and the consultant, client, and evaluation committee would likely need an additional three-four weeks to review proposals and make a recommendation. Based on this proposed timeline, the scope of work could be completed by mid-October.

Budget

Work will be billed at \$150/hour and travel time at \$75/hour. The total time billed will not exceed \$7,000, unless mutually agreed upon by Lake City and Williford LLC.

Acceptance

The scope of services, schedule, and budget presented herein are acceptable. Williford LLC is hereby authorized to proceed.

Alexander Mulhall, Town Manager, Lake City, CO

7/14/23

REQUEST FOR QUALIFICATIONS/PROPOSALS
Development Partner – Lake City Affordable Housing – 2024 9% LIHTC
RFP Issued: July 20, 2023
RFP Proposals Due: August 25, 2023 4:00pm

TO: Affordable Housing Developers

FROM: Alexander Mulhall, Town Manager, Lake City, Colorado

RE: Request for Qualifications/Proposals Affordable Housing Development with 9% LIHTC

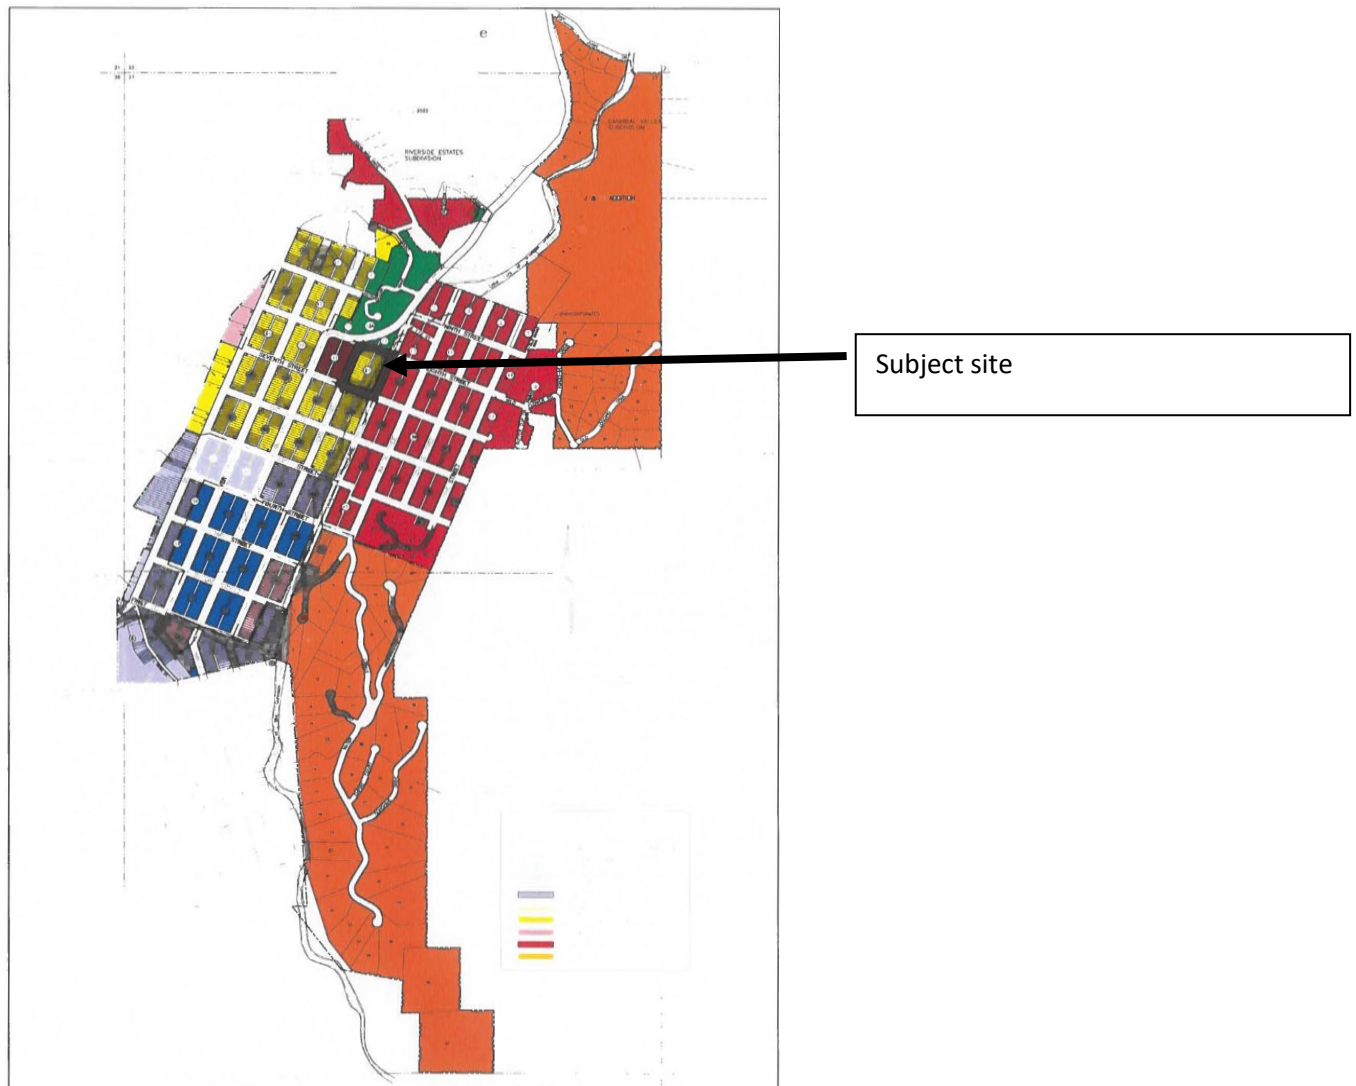

1. INTRODUCTION

Project:

The Town of Lake City (Town) is requesting proposals from qualified developers (Developer) to complete a workforce affordable housing development on 22 Town owned lots located at 730 Henson Street, adjacent to the Lake City Area Medical Center. The site is zoned LM – Limited Multi-Family, and is located within the Historic District of Lake City, in the least restrictive zone. Water and sewer are available adjacent to the site. Hinsdale County has been faced with significant growth pressure as a summer recreation destination and has not yet received an allocation of Low-Income Housing Tax Credit (LIHTC).

The Project has been supported by the Colorado Housing and Finance Authority (CHFA) Small Scale Housing Technical Assistance in late 2022 and early 2023, final report attached. This program does not contemplate LIHTC as a funding mechanism. After several months of attempting to find solutions to the project gap, the local leadership team elected to pursue 9% LIHTC. The Project as contemplated under the Small Scale Technical Assistance anticipates 19 rental units, however, Lake City is open to other unit mixes provided they are generally aligned with the project goals identified by the community process. In particular, Lake City would be interested in increasing the unit count, to the extent the zoning and site constraints support higher density. The Technical Assistance process also produced some early conceptual sketches of potential massing and scale on the site. Similarly, prospective developers are welcome to deviate from this approach, as long as consistency with the Lake City Historic Guidelines is maintained.

Exhibit 1: Lake City Map

2. RFP PROJECT OBJECTIVES:

The Town has established the following overarching Project completion goals:

- Create new housing that helps to attract and retain vital year-round workforce and community members of Lake City and Hinsdale County.
- Make housing attractive and compatible with Lake City's historic guidelines.
- Explore for rent and for sale options, with an emphasis on housing for rent.
- Seek to develop in a cost-effective manner and provide price points that are available to lower and middle income wage earners, while maintaining quality construction and materials.

- Provide walking connections through the site and spaces for people to gather outside their homes.
- Create a development with simple designs, healthy building materials, that become home to a vibrant community.

3. PROJECT ROLES AND RESPONSIBILITIES

The following outlines the overarching roles and responsibilities for this RFP:

Development Partner

The Town is seeking a Development Partner to successfully complete and implement 9% LIHTC to build new affordable, workforce housing in Lake City. The Development Partner shall be responsible for all Project coordination, design, procurement of financing, financial guarantees, planning approvals and permitting, construction, certificate of occupancy, lease-up, and ongoing compliance. Lake City does not currently have a property manager identified. Gunnison Valley Regional Housing Authority was contemplated previously, but has indicated a lack of capacity to take this on with current staffing.

Town of Lake City

The Town of Lake City is a statutory municipality with an elected seven-member Board of Trustees. While the Town anticipates having an active role in supporting the Project, the Town does not have dedicated staff or experience in developing housing projects. The Town would commit and prioritize Town staffing required for entitlements, permitting, and building inspections.

The Town is also committed to providing the land through a no/low-cost 99-year land lease option, and the Town is providing a donation of water and sewer tap fees and building permit application fees. Waiver of use tax is also under exploration and would be subject to approval by Hinsdale County.

Hinsdale County has requested a Phase 1 Environmental Assessment and anticipate this will be completed this fall.

The Town will also be interested in potential long-term stewardship of the property, following the LIHTC compliance period.

Regional Housing Authority

Hinsdale County does not have a housing authority. The nearest active housing authority is Gunnison Valley Regional Housing Authority (GVRHA). GVRHA may be able to participate as a special limited partner and/or contracted management staff, pending their staff capacity. Inquiries regarding specific GVRHA participation and involvement shall be directed to Andy Kadlec, Executive Director, email: akadlec@gvrha.org, phone: 970-641-7900.

Hinsdale County and Lake City are also in discussions about forming their own housing authority, the details of which have yet to be determined.

4. RFP SUBMISSION REQUIREMENTS

Interested parties should review the contents and requirements of this RFP and submit their responses no later than August 25, 2023 at 4pm.

RFP Contents:

The RFP submittal must include the following components:

1.1 Cover Letter: A letter of transmittal signed by the authorized project team representative indicating project interest along with key project team members and assigned roles.

1.2 Project Understanding/Approach: Describe your technical understanding of the Project, including team structure, approach, implementation, and project coordination. Describe specific Project methods as appropriate to accomplish the Project objectives, including innovative suggestions which might enhance the results or usefulness of Project outcomes. Describe your approach to long-term stewardship. Would you consider an opportunity for a Right of First Refusal and Option to Purchase for the Town or another local entity following LIHTC compliance?

1.3 Qualifications: Describe the company and key personnel experience assigned to this project, including professional talents, certifications, and accomplishments relevant to similar projects completed by the company or project team. A summary of qualifications should include at a minimum:

- Project team organizational profile including identification of principals, partners, or co-venturers that would participate, the nature of each participant's interest in the proposed project, and a summary of relevant experience of all key individuals.
- Previous project experience and outcomes, including contact information for a minimum of three (3) relevant projects of similar scope and scale.
- Knowledge of local building standards, codes, and practices.
- Experience with construction in mountain resort communities.
- Experience with workforce/affordable housing development and construction.
- Location of company office and key personnel.

1.4 Financial Capabilities and Strategy: Indicate your financial strategy for the Project, and the resources at your disposal – including but not limited to:

- A project sources and uses tables, showing your anticipated costs to complete the project, any other outside funding anticipated, including construction and permanent finance.
- Include a proposed unit mix, anticipated rent and AMI levels, and 15-year operating proforma.
- Describe your strategy for providing assurances to the Town and LIHTC investors for project completion. This may be a letter of credit, performance and payment bond, or other strategy that is deemed satisfactory to the Town.
- Submit recent company financial statements including profit and loss, balance sheet, and cash flow to support your financial strategy (see note below).
- Credit references, preferably from lending institutions or equity partners.

- Annual reports or other financial summary, if available.

Note: Company financial documents can be provided to the Town under separate cover and marked as confidential. Financial statements or other materials submitted and marked confidential will be held in strict confidence. Upon request, they can be returned after our private examination.

1.5 Schedule: Provide a schedule/phased timeline that includes major Project milestones for administrative, financial, and construction delivery activities.

1.6 References: Provide contact information for three (3) similar Project references.

RFP Questions

Questions regarding the RFP content or process can be directed to Willa Williford at willa@willifordhousing.com 303-818-0096.

Site Visit

Please contact Lex Mulhall, Town Manager, Lake City at townmanager@townoflakecity.co 970-944-2333 for scheduling a site visit.

Town RFP Submittal:

Responses should be provided electronically in Adobe Acrobat PDF format to Lex Mulhall, Town Manager, Lake City at townmanager@townoflakecity.co.

REVIEW PROCESS AND SELECTION CRITERIA

The Town anticipates the following Project schedule:

July 20, 2023	RFP issued
July 21 – Aug 8, 2023	Optional site visits with Town staff - please contact Lex Mulhall, Town Manager, Lake City at townmanager@townoflakecity.co 970-944-2333 to schedule site visit
August 8, 2023	RFP deadline for request of information and questions
August 11, 2023	RFP questions and responses issued
August 25, 2023	Proposals due at 4:00 pm (MST)
September 1, 2023	Teams notified of finalists and interviews scheduled
September 5-12, 2023	Interviews
September 20, 2023	Town Trustee Meeting selection

Selection Criteria

The RFP submittal will be evaluated based on the following factors:

- Qualifications of Project Team
- Project Approach
- Similar Demonstrated Ability
- Financial Strategy
- Long Term Stewardship Options
- Project Schedule/Timeline
- References

RFP Selection Committee

The selection committee for this Project will include Lake City staff, Hinsdale County staff, stakeholder/resident representation, and one or more Town Trustee members. Williford LLC will support the selection process, but not vote.

RFP Attachments

The following resource documents are made a part of this RFP:

- *Lake City Employee Housing Final Report January 2023*
- Site Survey
- Lake City Historic Guidelines

ADDITIONAL RFP PROVISIONS

Reserved Rights:

The Town reserves the right to:

- Amend, modify, or cancel the Project selection schedule or process at any time.
- Waive minor RFP submittal irregularities.
- Reject any and/or all RFP responses and submittals.
- Seek new RFP proposals as deemed appropriate by the Town.
- Request clarification or seek additional information, including but not limited to financial status.
- Judge the respondent's written or oral representations as to the substance and relevance to development of the parcel including seeking and evaluating independent information on any development team.
- Incorporate this RFP document and the selected Developer's RFP submitted proposal as a part of the formal agreement between the Town and the Developer.
- Modify the development opportunity available to potential development teams.

RFP Expenses: All expenses related to any development of the RFP response and submittal, or other expenses incurred while the selection process is underway, are the sole obligation and responsibility of the RFP Project Team applicant.

Hold Harmless: By participation in this RFP process, responders agree to hold harmless the Town of Lake City, their officers, and employees from all claims, liabilities and costs related to all aspects of the responder selection process.

We appreciate your interest and look forward to hearing from you.

Energy Impact Assistance Fund (EIAF) program
Department of Local Affairs
Division of Local Government
1313 Sherman Street, Suite 521
Denver, CO 80203

Re: Letter of Support for Hinsdale County Operations Center Facility Grant Application

The Town of Lake City board of trustees is pleased to provide this letter of support for Hinsdale County's grant application under the EIAF program for a proposed operations center.

The Town of Lake City and Hinsdale County work collaboratively to support government functions for the residents, visitors, and property owners in our rural and remote community. We financially partner with the Building Official department and for law enforcement duties with the Hinsdale County Sheriff's Office. One Emergency Medical Services (EMS) program along with one Search and Rescue (SAR) program support the first responding needs of the Town of Lake City and Hinsdale County.

The current administrative and law enforcement facilities of Hinsdale County are severely outdated. This proposed facility project addresses issues of safety and security. As our rural and mountainous town and county continue to see increased tourist visitation, the calls for first responding agencies and law enforcement are increasing. This proposed facility has space for the Sheriff's Office needs, an additional Emergency Operations Center, the emergency management program, and administration of the county.

This essential facility will allow strategic and quick deployment of resources and create more efficient government operations. Our tourist-based economy relies on efficient public safety services. Thank you for your consideration of this grant application.

Sincerely,

Mayor Dave Roberts

Subject: Requesting permission to fix art banners to 13 town owned light posts

In December of 2022, Lake City Arts Executive Director Taylor Nelson asked permission of Ben Hake and Gabe McNeese to have a temporary art installation of small (18"x24") banners hung on downtown light poles during the summer. These banners would feature the art of local artists with the wording 'Lake City Arts, the heART of our Creative Community'.

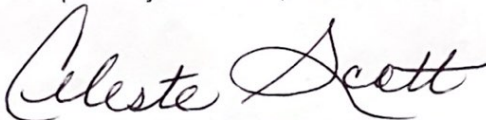

The town employees gave verbal approval but asked Ms. Nelson to consult with Gunnison County Electric Association. GCEA advised her to order a strap-type mounting system but that was their only requirement. She returned with that information and received approval from the town manager in place at that time. She applied for and received a grant for \$1500 from PJWC. A call for art received 49 submissions of which 13 were chosen by a jury. Production moved forward on the banners, brackets were ordered and delivered to town offices. One of the banners was hung in the park by a town employee in early June.

Lake City Arts was not notified of any problems with the installation until July 10 when we made an inquiry about the delay. At that point, we were informed that a citizen had made a complaint the week of June 26 but we were not notified of the need to request a variance.

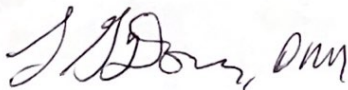

Arts week, including the annual Arts and Crafts Festival, starts next week. Our expectation is that at least some banners will be hung in the area around Town Park prior to Monday, July 17. We moved forward in good faith with production of the banners and ask that they be displayed during our largest event of the year. After that, if the Town Trustees vote to deny our request for the variance allowing this art installation, they can be removed.

The Board of Lake City Arts truly feels we are well placed both by location and by mission to help Lake City thrive. A vibrant arts presence helps all businesses and non-profits within a community, and we hope that a banner program will expand in the future starting with this current art installation. We have so many events happening year-round, why not work together to energetically promote them?

Respectfully submitted,

Celeste Scott, Lake City Arts President

Linda Downs, LCA Visual Arts Chair

Main Street statement of support for 13 art banners on historic lampposts

Kristine Borchers <kristineborchers@yahoo.com>

Fri, Jul 14, 2023 at 9:50 AM

To: Lex Mulhall <townmanager@townoflakecity.co>

Cc: Linda Downs <southpawsvet@aol.com>, Celeste Scott <littlestms1954@gmail.com>

Dear Lex --

The Lake City DIRT board of directors is pleased to provide this statement of support for the 13 art banners proposed by Lake City Arts. The Main Street program is dedicated to revitalization and historic preservation efforts. Public art installation is one of DIRT's strategic goals. The historic lampposts with the new dark sky toppers and the hanging flower baskets are an ideal location for this additional celebration of local artists as proposed by LCA. Thank you for your consideration of the request from LCA.

Respectfully,

Kristie Borchers, Executive Director on behalf of

Lake City DIRT Board of Directors (approved by email vote concluded July 14, 2023)

**TOWN OF LAKE CITY
BOARD OF TRUSTEES
EMERGENCY ORDINANCE NO. 2023-08**

**AN EMERGENCY ORDINANCE EXTENDING A MORATORIUM ON
ENFORCEMENT OF TOWN CODE CHAPTER 21 ARTICLE II SECTION 21-
23(a)(5) REGARDING WATER AND SEWER PLANT INVESTMENT FEES**

WHEREAS, the Board of Trustees of the Town of Lake City, Colorado (the “Board”), pursuant to Colorado Statute is vested with the authority of administering the affairs of the Town of Lake City, Colorado (the “Town”); and

WHEREAS, Section 21-23 of the Town of Lake City Town Code (the “Code”) sets forth general provisions applicable to water and sewer plant investment fees; and

WHEREAS, Section 21-23(a)(5) of the Code requires an applicant for a tap to pay the cost set forth in the code at the time physical connection or the first service following physical connect is made rather than when the application for such tap was submitted and payment was made; and

WHEREAS, at the July 20, 2022 Town meeting, the Town Board approved an increase for the water and sewer plant investment fees pursuant to a water and sewer rate study (the “Increase”); and

WHEREAS, due to various circumstances including the Covid pandemic and lack of available required taps and related equipment as well as Town approved installation, the enforcement of the Increase has not yet been implemented; and

WHEREAS, the Town Board passed Ordinance No. 2022-06 placing a moratorium on enforcement of the Increase for the reasons listed above up to and including August 20, 2023; and

WHEREAS, the Town Board has reviewed the timeline of the moratorium and found it is in the best interest of the citizens to further extend the moratorium until November 19, 2023; and

WHEREAS, the Town Board of Trustees finds these unique circumstances to be beyond the control of residents applying for services related to water and waste water plant investment fees and enforcement of this provision of the Code under these current circumstances would unintentionally and unfairly penalize persons who would otherwise

have paid and installed such water and waste water taps; and

WHEREAS, the Board finds immediate implementation of the moratorium on the Increase described above is necessary for the protection of the health, safety, and welfare of the Citizens of Lake City.

NOW THEREFORE BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE TOWN OF LAKE CITY AS FOLLOWS:

1. Enforcement of Chapter 21, Article II, Section 21-32(a)(5) may be suspended on a case by case basis by approval of a majority of the Town Board of Trustees for any application received prior to August 20, 2022 subject to the following terms.
 - a. Any such application shall be installed and the time of first service following connection must be no later than November 19, 2023.
 - b. Approval of any application under the terms of this Ordinance shall not create any binding precedent for any other application.
2. Validity. If any part of this ordinance is held to be unconstitutional or invalid for any reason such decision shall not affect the validity or constitutionality of the remaining portions of this ordinance. The Board of Trustees hereby declares that it would have approved this ordinance and each part or parts thereof irrespective of the fact that any one part or parts be declared unconstitutional or invalid.
3. Repeal. Existing ordinances or parts of ordinances covering the same matters as embraced in this ordinance are hereby repealed and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed, except that this repeal shall not affect or prevent collection of any fees assessed pursuant to the provisions of any ordinance hereby repealed prior to the taking effect of this ordinance.
4. Publication and Effective Date. This Ordinance is necessary for the immediate protection and preservation of the public health, safety, and welfare of the citizens of the Town of Lake City, Colorado for reasons describe above, and therefore, shall become effective immediately as an emergency ordinance upon adoption by the Town Board of Trustees.

INTRODUCED, PASSED AND ADOPTED A REGULAR MEETING OF THE BOARD OF TRUSTEES OF THE TOWN OF LAKE CITY, COLORADO AND SIGNED THIS 19TH DAY OF JULY, 2023.

Subject: Letter

Dave,

It saddens me to write this letter. But, it is obvious that I cannot continue running a successful business that takes so much more of my time than the years before and commit to the time it takes to sit on the board of trustees. I must commit to my business that allows me to be able to live in the best place on earth! Lake city is very fortunate to have such a fine group of individuals to over see the well being of the town. This is the best board I have ever been associated with, by far. I know the trustees will appoint a well qualified person to fill the vacant position. One person who has interest is Steve Riles, he has served as a lake city trustee before, he has extensive Experience as a long term board member. Again thank you all for the things we have done, and the things this board will do in the future. So with that said, I'm tendering my resignation as town trustee.

Sincerely,

Jeff Heaton

Hwy 149 OHV Program

2 messages

steve@lakecityloopers.com <steve@lakecityloopers.com>

Sun, Jul 9, 2023 at 10:11 AM

To: administrator@hinsdalecountycolorado.us, townmanager@townoflakecity.co, zane.znamenacek@state.co.us

Hi -

My name is Steve Twyman and I am a business owner in Lake City, Co. I own the Lake City Loopers business located at 130 N Gunnison Ave, Lake City, Co. 81235. Our store phone number is 970-784-6630

I encourage the town and county of Hinsdale to work with the state to renew the OHV Program on Highway 149 to allow the use of OHVs on the state highway for years to come. If a limit 7needs to7 be placed on the program extension of years, please consider a minimum of a 5 year extension. I believe the town and county have done a good job managing the pilot program and would support a 25 year extension.

I also support extending the route on both ends to include the entire community. To the north of town, I recommend extending the program to mile marker 73.8 to include San Juan Springs Drive. This extension would allow additional Lake City businesses and home/property owners access to the program. To the south, extending the program to mile marker 69.4 would allow a local business (Woodlake RV park) access to the program too. I think including all local residents and businesses access to the program makes the most sense and is fair.

I thank you for your consideration in this important program which helps so many businesses, not to mention generate additional tax revenue for the state and county.

Steve Twyman

OHV Program

Cristie Carstens Reeves <cristie.carstens.reeves@gmail.com>

Wed, Jul 12, 2023 at 2:57 PM

To: townmanager@townoflakecity.co

We would like to convey our support for continuation of the OHV Program here in Hinsdale County/Lake City. We would also support extending the existing route to include extending north to MP 73.8, to include the Toy Wash & south to MP 69.4 to include Woodlake RV park. As property owners, seasonal residents & OHV owners we understand the importance & economic impact of the summer tourism season. The popularity of OHVs & the ability this program affords to complete the Alpine Loop are very important factors in successful all important summer season for local businesses, enhancing the yearlong financial viability of the county & Lake City itself. Thank you for your careful consideration of this very important matter.

Sincerely,
Cristie & Jack Reeves

To: administrator@hinsdalecountycolorado.us, townmanager@townoflakecity.co, zane.znamenacek@state.co.us

To the Hinsdale County Board of Commissioners and the Lake City Town Council,

Please consider the following actions:

- * That the county and town work with the Colorado Department of Transportation to renew the OHV program on Highway 149
- * To allow the use of OHV's on Hwy 149 for as many years as possible
- * To extend the existing route to include the neighborhoods to the north end of town including San Juan Springs, and our one and only carwash. (M.P. 73.8 San Juan Springs Dr.)
- * To extend the existing route to include Woodlake RV Park (M.P. 69.4). During the season, there are as many as 60 OHV's in Woodlake RV Park at one time. Many of these campers have no ability to trailer to County Road 30, or other trailheads.

Please consider these very important actions for our fragile short season economy. Thanks for your attention to these matters.

Mark and Becky Phillips

817-675-4418,

We are full-time RVers who ride side by sides while visiting Lake City.

Currently residing at Woodlake RV Park until 9/29/23

WILLIFORD, LLC

land use & affordable housing

Proposal

To: Alexander Mulhall, Town Manager, Lake City, Colorado
From: Willa Williford, Principal, Williford LLC
Date: 7/14/23
Re: Proposal for Professional Services – RFP for Workforce Housing Development Partner

This proposal is to provide consulting services to Lake City to procure a development partner for affordable rental housing on land in Lake City currently owned by the Town. Goals for site include provision of housing for local employees, as well as serving the broader Lake City and Hinsdale County community with affordable housing opportunities for local residents.

Scope of Services

Williford LLC will complete the following tasks:

- 1) Draft a Request for proposals (RFP) that outlines the desired goals for the site, submission requirements, selection criteria, and next steps, based on direction from Lake City staff;
- 2) Assist Lake City staff in soliciting RFP responses from qualified development teams, including sharing the RFP with prospective partners and supporting correspondence with partners and answering questions prior to the RFP deadline; and
- 3) Support a selection committee to include Lake City staff, elected officials, and Hinsdale County staff in the evaluation of responses, including analysis of RFP submissions, financial feasibility, reference checks, and summarizing risks and opportunities. Williford LLC personnel will participate in the selection committee discussions, but will not be a voting member.
- 4) Support Lake City in creating a short list, interviewing prospective partners, and creating a recommendation to Town Trustees.

Timeline

This scope of work is proposed to begin in July 2023. Prospective development partners would be given six weeks to respond, and the consultant, client, and evaluation committee would likely need an additional three-four weeks to review proposals and make a recommendation. Based on this proposed timeline, the scope of work could be completed by mid-October.

Budget

Work will be billed at \$150/hour and travel time at \$75/hour. The total time billed will not exceed \$7,000, unless mutually agreed upon by Lake City and Williford LLC.

Acceptance

The scope of services, schedule, and budget presented herein are acceptable. Williford LLC is hereby authorized to proceed.

Alexander Mulhall, Town Manager, Lake City, CO

REQUEST FOR QUALIFICATIONS/PROPOSALS
Development Partner – Lake City Affordable Housing – 2024 9% LIHTC
RFP Issued: July 20, 2023
RFP Proposals Due: August 25, 2023 4:00pm

TO: Affordable Housing Developers

FROM: Alexander Mulhall, Town Manager, Lake City, Colorado

RE: Request for Qualifications/Proposals Affordable Housing Development with 9% LIHTC

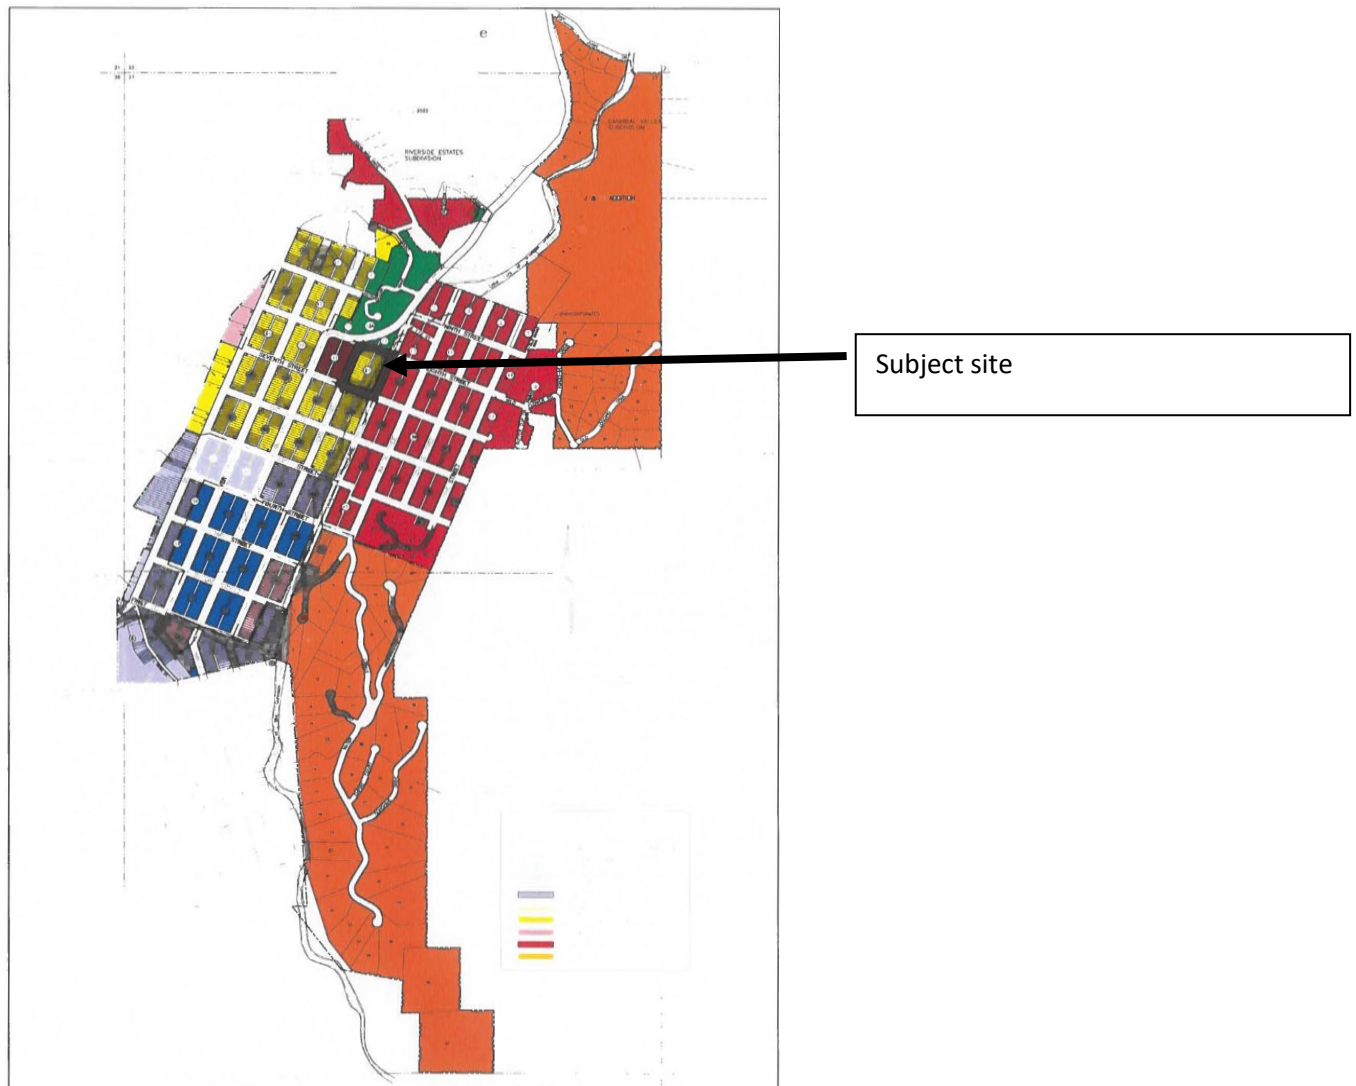

1. INTRODUCTION

Project:

The Town of Lake City (Town) is requesting proposals from qualified developers (Developer) to complete a workforce affordable housing development on 22 Town owned lots located at 730 Henson Street, adjacent to the Lake City Area Medical Center. The site is zoned LM – Limited Multi-Family, and is located within the Historic District of Lake City, in the least restrictive zone. Water and sewer are available adjacent to the site. Hinsdale County has been faced with significant growth pressure as a summer recreation destination and has not yet received an allocation of Low-Income Housing Tax Credit (LIHTC).

The Project has been supported by the Colorado Housing and Finance Authority (CHFA) Small Scale Housing Technical Assistance in late 2022 and early 2023, final report attached. This program does not contemplate LIHTC as a funding mechanism. After several months of attempting to find solutions to the project gap, the local leadership team elected to pursue 9% LIHTC. The Project as contemplated under the Small Scale Technical Assistance anticipates 19 rental units, however, Lake City is open to other unit mixes provided they are generally aligned with the project goals identified by the community process. In particular, Lake City would be interested in increasing the unit count, to the extent the zoning and site constraints support higher density. The Technical Assistance process also produced some early conceptual sketches of potential massing and scale on the site. Similarly, prospective developers are welcome to deviate from this approach, as long as consistency with the Lake City Historic Guidelines is maintained.

Exhibit 1: Lake City Map

2. RFP PROJECT OBJECTIVES:

The Town has established the following overarching Project completion goals:

- Create new housing that helps to attract and retain vital year-round workforce and community members of Lake City and Hinsdale County.
- Make housing attractive and compatible with Lake City's historic guidelines.
- Explore for rent and for sale options, with an emphasis on housing for rent.
- Seek to develop in a cost-effective manner and provide price points that are available to lower and middle income wage earners, while maintaining quality construction and materials.

- Provide walking connections through the site and spaces for people to gather outside their homes.
- Create a development with simple designs, healthy building materials, that become home to a vibrant community.

3. PROJECT ROLES AND RESPONSIBILITIES

The following outlines the overarching roles and responsibilities for this RFP:

Development Partner

The Town is seeking a Development Partner to successfully complete and implement 9% LIHTC to build new affordable, workforce housing in Lake City. The Development Partner shall be responsible for all Project coordination, design, procurement of financing, financial guarantees, planning approvals and permitting, construction, certificate of occupancy, lease-up, and ongoing compliance. Lake City does not currently have a property manager identified. Gunnison Valley Regional Housing Authority was contemplated previously, but has indicated a lack of capacity to take this on with current staffing.

Town of Lake City

The Town of Lake City is a statutory municipality with an elected seven-member Board of Trustees. While the Town anticipates having an active role in supporting the Project, the Town does not have dedicated staff or experience in developing housing projects. The Town would commit and prioritize Town staffing required for entitlements, permitting, and building inspections.

The Town is also committed to providing the land through a no/low-cost 99-year land lease option, and the Town is providing a donation of water and sewer tap fees and building permit application fees. Waiver of use tax is also under exploration and would be subject to approval by Hinsdale County.

Hinsdale County has requested a Phase 1 Environmental Assessment and anticipate this will be completed this fall.

The Town will also be interested in potential long-term stewardship of the property, following the LIHTC compliance period.

Regional Housing Authority

Hinsdale County does not have a housing authority. The nearest active housing authority is Gunnison Valley Regional Housing Authority (GVRHA). GVRHA may be able to participate as a special limited partner and/or contracted management staff, pending their staff capacity. Inquiries regarding specific GVRHA participation and involvement shall be directed to Andy Kadlec, Executive Director, email: akadlec@gvrha.org, phone: 970-641-7900.

Hinsdale County and Lake City are also in discussions about forming their own housing authority, the details of which have yet to be determined.

4. RFP SUBMISSION REQUIREMENTS

Interested parties should review the contents and requirements of this RFP and submit their responses no later than August 25, 2023 at 4pm.

RFP Contents:

The RFP submittal must include the following components:

1.1 Cover Letter: A letter of transmittal signed by the authorized project team representative indicating project interest along with key project team members and assigned roles.

1.2 Project Understanding/Approach: Describe your technical understanding of the Project, including team structure, approach, implementation, and project coordination. Describe specific Project methods as appropriate to accomplish the Project objectives, including innovative suggestions which might enhance the results or usefulness of Project outcomes. Describe your approach to long-term stewardship. Would you consider an opportunity for a Right of First Refusal and Option to Purchase for the Town or another local entity following LIHTC compliance?

1.3 Qualifications: Describe the company and key personnel experience assigned to this project, including professional talents, certifications, and accomplishments relevant to similar projects completed by the company or project team. A summary of qualifications should include at a minimum:

- Project team organizational profile including identification of principals, partners, or co-venturers that would participate, the nature of each participant's interest in the proposed project, and a summary of relevant experience of all key individuals.
- Previous project experience and outcomes, including contact information for a minimum of three (3) relevant projects of similar scope and scale.
- Knowledge of local building standards, codes, and practices.
- Experience with construction in mountain resort communities.
- Experience with workforce/affordable housing development and construction.
- Location of company office and key personnel.

1.4 Financial Capabilities and Strategy: Indicate your financial strategy for the Project, and the resources at your disposal – including but not limited to:

- A project sources and uses tables, showing your anticipated costs to complete the project, any other outside funding anticipated, including construction and permanent finance.
- Include a proposed unit mix, anticipated rent and AMI levels, and 15-year operating proforma.
- Describe your strategy for providing assurances to the Town and LIHTC investors for project completion. This may be a letter of credit, performance and payment bond, or other strategy that is deemed satisfactory to the Town.
- Submit recent company financial statements including profit and loss, balance sheet, and cash flow to support your financial strategy (see note below).
- Credit references, preferably from lending institutions or equity partners.

- Annual reports or other financial summary, if available.

Note: Company financial documents can be provided to the Town under separate cover and marked as confidential. Financial statements or other materials submitted and marked confidential will be held in strict confidence. Upon request, they can be returned after our private examination.

1.5 Schedule: Provide a schedule/phased timeline that includes major Project milestones for administrative, financial, and construction delivery activities.

1.6 References: Provide contact information for three (3) similar Project references.

RFP Questions

Questions regarding the RFP content or process can be directed to Willa Williford at willa@willifordhousing.com 303-818-0096.

Site Visit

Please contact Lex Mulhall, Town Manager, Lake City at townmanager@townoflakecity.co 970-944-2333 for scheduling a site visit.

Town RFP Submittal:

Responses should be provided electronically in Adobe Acrobat PDF format to Lex Mulhall, Town Manager, Lake City at townmanager@townoflakecity.co.

REVIEW PROCESS AND SELECTION CRITERIA

The Town anticipates the following Project schedule:

July 20, 2023	RFP issued
July 21 – Aug 8, 2023	Optional site visits with Town staff - please contact Lex Mulhall, Town Manager, Lake City at townmanager@townoflakecity.co 970-944-2333 to schedule site visit
August 8, 2023	RFP deadline for request of information and questions
August 11, 2023	RFP questions and responses issued
August 25, 2023	Proposals due at 4:00 pm (MST)
September 1, 2023	Teams notified of finalists and interviews scheduled
September 5-12, 2023	Interviews
September 20, 2023	Town Trustee Meeting selection

Selection Criteria

The RFP submittal will be evaluated based on the following factors:

- Qualifications of Project Team
- Project Approach
- Similar Demonstrated Ability
- Financial Strategy
- Long Term Stewardship Options
- Project Schedule/Timeline
- References

RFP Selection Committee

The selection committee for this Project will include Lake City staff, Hinsdale County staff, stakeholder/resident representation, and one or more Town Trustee members. Williford LLC will support the selection process, but not vote.

RFP Attachments

The following resource documents are made a part of this RFP:

- *Lake City Employee Housing Final Report January 2023*
- Site Survey
- Lake City Historic Guidelines

ADDITIONAL RFP PROVISIONS

Reserved Rights:

The Town reserves the right to:

- Amend, modify, or cancel the Project selection schedule or process at any time.
- Waive minor RFP submittal irregularities.
- Reject any and/or all RFP responses and submittals.
- Seek new RFP proposals as deemed appropriate by the Town.
- Request clarification or seek additional information, including but not limited to financial status.
- Judge the respondent's written or oral representations as to the substance and relevance to development of the parcel including seeking and evaluating independent information on any development team.
- Incorporate this RFP document and the selected Developer's RFP submitted proposal as a part of the formal agreement between the Town and the Developer.
- Modify the development opportunity available to potential development teams.

RFP Expenses: All expenses related to any development of the RFP response and submittal, or other expenses incurred while the selection process is underway, are the sole obligation and responsibility of the RFP Project Team applicant.

Hold Harmless: By participation in this RFP process, responders agree to hold harmless the Town of Lake City, their officers, and employees from all claims, liabilities and costs related to all aspects of the responder selection process.

We appreciate your interest and look forward to hearing from you.

Energy Impact Assistance Fund (EIAF) program
Department of Local Affairs
Division of Local Government
1313 Sherman Street, Suite 521
Denver, CO 80203

Re: Letter of Support for Hinsdale County Operations Center Facility Grant Application

The Town of Lake City board of trustees is pleased to provide this letter of support for Hinsdale County's grant application under the EIAF program for a proposed operations center.

The Town of Lake City and Hinsdale County work collaboratively to support government functions for the residents, visitors, and property owners in our rural and remote community. We financially partner with the Building Official department and for law enforcement duties with the Hinsdale County Sheriff's Office. One Emergency Medical Services (EMS) program along with one Search and Rescue (SAR) program support the first responding needs of the Town of Lake City and Hinsdale County.

The current administrative and law enforcement facilities of Hinsdale County are severely outdated. This proposed facility project addresses issues of safety and security. As our rural and mountainous town and county continue to see increased tourist visitation, the calls for first responding agencies and law enforcement are increasing. This proposed facility has space for the Sheriff's Office needs, an additional Emergency Operations Center, the emergency management program, and administration of the county.

This essential facility will allow strategic and quick deployment of resources and create more efficient government operations. Our tourist-based economy relies on efficient public safety services. Thank you for your consideration of this grant application.

Sincerely,

Mayor Dave Roberts

Alexander Mulhall <townmanager@townoflakecity.co>

Main Street statement of support for 13 art banners on historic lampposts

Kristine Borchers <kristineborchers@yahoo.com>

Fri, Jul 14, 2023 at 9:50 AM

To: Lex Mulhall <townmanager@townoflakecity.co>

Cc: Linda Downs <southpawsvet@aol.com>, Celeste Scott <littlestms1954@gmail.com>

Dear Lex --

The Lake City DIRT board of directors is pleased to provide this statement of support for the 13 art banners proposed by Lake City Arts. The Main Street program is dedicated to revitalization and historic preservation efforts. Public art installation is one of DIRT's strategic goals. The historic lampposts with the new dark sky toppers and the hanging flower baskets are an ideal location for this additional celebration of local artists as proposed by LCA. Thank you for your consideration of the request from LCA.

Respectfully,

Kristie Borchers, Executive Director on behalf of

Lake City DIRT Board of Directors (approved by email vote concluded July 14, 2023)

July 12, 2023

Subject: Requesting permission to fix art banners to 13 town owned light posts

In December of 2022, Lake City Arts Executive Director Taylor Nelson asked permission of Ben Hake and Gabe McNeese to have a temporary art installation of small (18"x24") banners hung on downtown light poles during the summer. These banners would feature the art of local artists with the wording 'Lake City Arts, the heART of our Creative Community'.

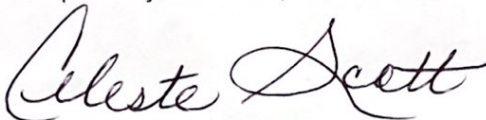

The town employees gave verbal approval but asked Ms. Nelson to consult with Gunnison County Electric Association. GCEA advised her to order a strap-type mounting system but that was their only requirement. She returned with that information and received approval from the town manager in place at that time. She applied for and received a grant for \$1500 from PJWC. A call for art received 49 submissions of which 13 were chosen by a jury. Production moved forward on the banners, brackets were ordered and delivered to town offices. One of the banners was hung in the park by a town employee in early June.

Lake City Arts was not notified of any problems with the installation until July 10 when we made an inquiry about the delay. At that point, we were informed that a citizen had made a complaint the week of June 26 but we were not notified of the need to request a variance.

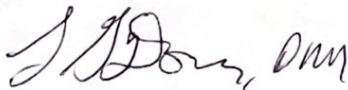

Arts week, including the annual Arts and Crafts Festival, starts next week. Our expectation is that at least some banners will be hung in the area around Town Park prior to Monday, July 17. We moved forward in good faith with production of the banners and ask that they be displayed during our largest event of the year. After that, if the Town Trustees vote to deny our request for the variance allowing this art installation, they can be removed.

The Board of Lake City Arts truly feels we are well placed both by location and by mission to help Lake City thrive. A vibrant arts presence helps all businesses and non-profits within a community, and we hope that a banner program will expand in the future starting with this current art installation. We have so many events happening year-round, why not work together to energetically promote them?

Respectfully submitted,

Celeste Scott, Lake City Arts President

Linda Downs, LCA Visual Arts Chair

**TOWN OF LAKE CITY
BOARD OF TRUSTEES
EMERGENCY ORDINANCE NO. 2023-08**

**AN EMERGENCY ORDINANCE EXTENDING A MORATORIUM ON
ENFORCEMENT OF TOWN CODE CHAPTER 21 ARTICLE II SECTION 21-
23(a)(5) REGARDING WATER AND SEWER PLANT INVESTMENT FEES**

WHEREAS, the Board of Trustees of the Town of Lake City, Colorado (the “Board”), pursuant to Colorado Statute is vested with the authority of administering the affairs of the Town of Lake City, Colorado (the “Town”); and

WHEREAS, Section 21-23 of the Town of Lake City Town Code (the “Code”) sets forth general provisions applicable to water and sewer plant investment fees; and

WHEREAS, Section 21-23(a)(5) of the Code requires an applicant for a tap to pay the cost set forth in the code at the time physical connection or the first service following physical connect is made rather than when the application for such tap was submitted and payment was made; and

WHEREAS, at the July 20, 2022 Town meeting, the Town Board approved an increase for the water and sewer plant investment fees pursuant to a water and sewer rate study (the “Increase”); and

WHEREAS, due to various circumstances including the Covid pandemic and lack of available required taps and related equipment as well as Town approved installation, the enforcement of the Increase has not yet been implemented; and

WHEREAS, the Town Board passed Ordinance No. 2022-06 placing a moratorium on enforcement of the Increase for the reasons listed above up to and including August 20, 2023; and

WHEREAS, the Town Board has reviewed the timeline of the moratorium and found it is in the best interest of the citizens to further extend the moratorium until November 19, 2023; and

WHEREAS, the Town Board of Trustees finds these unique circumstances to be beyond the control of residents applying for services related to water and waste water plant investment fees and enforcement of this provision of the Code under these current circumstances would unintentionally and unfairly penalize persons who would otherwise

have paid and installed such water and waste water taps; and

WHEREAS, the Board finds immediate implementation of the moratorium on the Increase described above is necessary for the protection of the health, safety, and welfare of the Citizens of Lake City.

NOW THEREFORE BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE TOWN OF LAKE CITY AS FOLLOWS:

1. Enforcement of Chapter 21, Article II, Section 21-32(a)(5) may be suspended on a case by case basis by approval of a majority of the Town Board of Trustees for any application received prior to August 20, 2022 subject to the following terms.
 - a. Any such application shall be installed and the time of first service following connection must be no later than November 19, 2023.
 - b. Approval of any application under the terms of this Ordinance shall not create any binding precedent for any other application.
2. Validity. If any part of this ordinance is held to be unconstitutional or invalid for any reason such decision shall not affect the validity or constitutionality of the remaining portions of this ordinance. The Board of Trustees hereby declares that it would have approved this ordinance and each part or parts thereof irrespective of the fact that any one part or parts be declared unconstitutional or invalid.
3. Repeal. Existing ordinances or parts of ordinances covering the same matters as embraced in this ordinance are hereby repealed and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed, except that this repeal shall not affect or prevent collection of any fees assessed pursuant to the provisions of any ordinance hereby repealed prior to the taking effect of this ordinance.
4. Publication and Effective Date. This Ordinance is necessary for the immediate protection and preservation of the public health, safety, and welfare of the citizens of the Town of Lake City, Colorado for reasons describe above, and therefore, shall become effective immediately as an emergency ordinance upon adoption by the Town Board of Trustees.

INTRODUCED, PASSED AND ADOPTED A REGULAR MEETING OF THE BOARD OF TRUSTEES OF THE TOWN OF LAKE CITY, COLORADO AND SIGNED THIS 19TH DAY OF JULY, 2023.

Subject: Letter

Dave,

It saddens me to write this letter. But, it is obvious that I cannot continue running a successful business that takes so much more of my time than the years before and commit to the time it takes to sit on the board of trustees. I must commit to my business that allows me to be able to live in the best place on earth! Lake city is very fortunate to have such a fine group of individuals to over see the well being of the town. This is the best board I have ever been associated with, by far. I know the trustees will appoint a well qualified person to fill the vacant position. One person who has interest is Steve Riles, he has served as a lake city trustee before, he has extensive Experience as a long term board member. Again thank you all for the things we have done, and the things this board will do in the future. So with that said, I'm tendering my resignation as town trustee.

Sincerely,

Jeff Heaton
